	Section 2 Hazards Identification
2.1 Classification of t	he substance or mixture
Not classified a	according to OSHA 29 CFR 1910.1200 HCS
	its, including precautionary statements
	ent(s) required
2.3 Hazards not othe	rwise classified
None known.	
	Section 3 Composition/Information on Ingredients
3.1 Mixture of Substa	inces
	n <b>ces</b> ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s).
Proprietary m	
Proprietary m	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations.
Proprietary m No component	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures
Proprietary m No component <b>4.1 Description of fir</b>	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures
Proprietary m No component	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult,
Proprietary m No component 4.1 Description of fir Inhalation	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing.
Proprietary m No component <b>4.1 Description of fir</b>	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat.
Proprietary m No component 4.1 Description of fir Inhalation	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention.
Proprietary m No component 4.1 Description of fir Inhalation Skin contact	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention. For contact at ambient temperatures, wash with soap and water.
Proprietary m No component 4.1 Description of fir Inhalation	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention. For contact at ambient temperatures, wash with soap and water. Immediately flush with plenty of water for at least 15 minutes.
Proprietary m No component 4.1 Description of fir Inhalation Skin contact Eye contact	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). Its need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention. For contact at ambient temperatures, wash with soap and water. Immediately flush with plenty of water for at least 15 minutes. If irritation persists, get medical attention immediately.
Proprietary m No component 4.1 Description of fir Inhalation Skin contact	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). ts need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention. For contact at ambient temperatures, wash with soap and water. Immediately flush with plenty of water for at least 15 minutes.
Proprietary m No component 4.1 Description of fir Inhalation Skin contact Eye contact	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). Is need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention. For contact at ambient temperatures, wash with soap and water. Immediately flush with plenty of water for at least 15 minutes. If irritation persists, get medical attention immediately. If swallowed, rinse mouth with water. Never give anything by mouth to an unconscious person.
Proprietary m No component 4.1 Description of fir Inhalation Skin contact Eye contact Ingestion	ixture of synthetic and natural waxes, resin(s), and oil soluble dye(s). Is need to be disclosed according to the applicable regulations. Section 4 First Aid Measures st aid measures Get medical assistance if irritation develops or persists. If breathing is difficult, move the person to fresh air. Give artificial respiration if person is not breathing. For thermal burns, flush or submerge effected area in cold water to dissipate heat. Cover with clean bandage material. Do not peel material from skin. Get medical attention. For contact at ambient temperatures, wash with soap and water. Immediately flush with plenty of water for at least 15 minutes. If irritation persists, get medical attention immediately. If swallowed, rinse mouth with water. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Consult a physician if necessary. Section 5 Fire Fighting Measures

## Section 6 Accidental Release Measures 6.1 Personal precautions, protective equipment and emergency procedures Avoid contact with skin and eyes. Wear appropriate personal protective equipment, see Section 8. 6.2 Environmental precautions Should not be released into the environment. Prevent product from entering drains. 6.3 Methods and materials for containment and cleaning up Do not walk through spilled material. Avoid dust formation. Contain spillage and use clean non-sparking tools to collect material. Shovel spillage into suitable container for disposal. **Section 7 Handling and Storage** 7.1 Precautions for safe handling Wear appropriate personal protective equipment. Avoid contact with skin and eyes. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Do not use in areas without adequate ventilation. Avoid dust formation. Avoid contact with molten material. 7.2 Conditions for safe storage, including any incompatibilities Store in a cool dry area. Keep away from ignition sources, heat, open flames, and direct sunlight. Do not store with incompatible materials, see Section 10. **Section 8 Exposure Controls/Personal Protection** 8.1 Control parameters **Exposure Limits/Guideline Substance Name** Limit / Standard Source Wax fumes 2 mg/m<sup>3</sup> TWA ACGIH 8.2 Exposure controls Appropriate engineering controls Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. Supplementary local exhaust ventilation, closed systems, or respiratory and eye protection may be needed in special circumstances, such as poorly ventilated spaces, very hot processing, mechanical generation of dusts, etc. 8.3 Personal protective equipment **Eve/Face** Wear safety glasses equipped with side shields, or safety goggles. Hands Wear thermally resistant gloves and long sleeves if handling molten product. Skin/Body Prevent skin contact, wear long sleeves and/or coveralls. Respiratory The need for respiratory protection is not anticipated under normal use conditions and with adequate ventilation. If elevated airborne concentrations above applicable workplace exposure levels are anticipated, use an N95 dust mask for limited exposure. For prolonged exposure use an air-purifying respirator. Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149. Use a NIOSH/MSHA or European Standard EN 149 approved respirator if exposure limits are exceeded or symptoms are experienced. **Safety Stations** Make emergency eyewash stations and washing facilities available in work area. **General Hygienic Practices** Avoid contamination of food, beverages, or smoking materials. Wash thoroughly after handling, and before eating, drinking or smoking. Remove contaminated clothing promptly and clean thoroughly before reuse.

### Section 9 Physical and Chemical Properties

### 9.1 Information on physical and chemical properties

Physical State:	Solid
Color:	Pink
Odor:	Mild
Odor Threshold:	No data available
pH:	Not applicable
Melting Point:	>135°F (57°C)
Boiling Point:	No data available
Decomposition Temperature:	No data available
Flash Point:	>465°F (240°C)
Flammability:	No data available
Lower Explosion Limit:	No data available
Upper Explosion Limit:	No data available
Vapor Density:	No data available
Specific Gravity:	$0.9 \pm 0.05$
Water Solubility:	Insoluble
Partition Coefficient: n-octanol/water:	No data available
Autoignition Temperature:	No data available
Viscosity:	Not applicable
Explosive Properties:	Not explosive
Oxidizing Properties:	Not an oxidizer

#### Section 10 Stability and Reactivity

**10.1 Reactivity:** 

**10.2 Chemical stability:** 

- **10.3 Possibility of hazardous reactions:**
- 10.4 Conditions to avoid:
- **10.5 Incompatible materials:**
- 10.6 Hazardous decomposition products

No dangerous reaction known under conditions of normal use. Stable under recommended storage conditions. Hazardous polymerization does not occur. Heat, sparks, open flame. Avoid dust formation. Strong oxidizing agents. In case of fire hazardous decomposition products may be produced: carbon monoxide, carbon dioxide, irritating smoke.

#### **Section 11 Toxicological Information**

11.1 Information on toxicological effects Acute Toxicity - Dermal Acute Toxicity - Inhalation Aspiration Hazard Carcinogenicity Germ Cell Mutagenicity Skin Corrosion/Irritation Skin Sensitization Serious Eye Damage/Irritation Toxicity for Reproduction Respiratory Sensitization Specific Target Organ Toxicity (STOT) - single exposure - repeated exposure

No data available No data available Not relevant Classification criteria not met Classification criteria not met

No data available No data available

**Safety Data Sheet** 

## **4751B Baseplate Wax**

#### **Section 12 Ecological Information**

12.2 Persistence and degradability

12.3 Bioaccumulative potential

12.4 Mobility in soil

12.5 Results of PBT & vPvB assessment

Not expected to be harmful to aquatic organisms Expected to be inherently biodegradable No data available Expected to partition to sediment and wastewater solids No data available

## Section 13 Disposal Considerations

13.1 Disposal

Follow applicable Federal, State, and local regulations.

### **Section 14 Transport Information**

## 14.1 DOT, TDG, IMO/IMDG, IATA/ICOA:

Not regulated

## **Section 15 Regulatory Information**

## 15.1 Safety, health and environmental regulations/legislation specific for the product

Inventories: This product complies with the following inventories: USA TSCA

**SARA 302 Components:** No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

## SARA 311/312 Hazards Classifications: None

**SARA 313 Components:** This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313. **RCRA:** In the form delivered, this product is not considered as hazardous waste, and is not subject to reporting under the Resource Conservation and Recovery Act.

**California Proposition 65:** This product is not known to contain any components for which the State of California has found to cause cancer, birth defects or other reproductive harm.

## Section 16 Other Information

### **16.1 Disclaimer**

The following supersedes Buyer's documents. SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict of liability arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results are based on controlled lab work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended.

Date of Issue: June 1, 2015 Date of Revision: July 8, 2022
